

What to do if you need urgent help

What is a mental health crisis?

A mental health crisis is different for everyone. The causes are different. How people feel is different. How people act is different. If you have a sense of being overwhelmed, being unable to cope and lacking control, then please seek help from someone as soon as you can.

Where to seek help?

Adults

If you, a family member or friend are in crisis and need help, please dial 111 and select option 2 for mental health crisis. You will be able to talk with a trained call handler who will provide appropriate support and advice. You can call 24 hours a day 365 days a year.

Under 18s

For anyone under the age of 18 in crisis, please call 0300 300 1600 or if you need urgent help or out of hours help, call 0300 555 1200. See our children and young people guide for information on services for under 18s:

bit.ly/bb-cyp-mental-health-guide

Serious or life-threatening emergencies

If you are worried for your own or somebody else's safety, then please dial 999.

ADULT MENTAL W HEALTH & WELLBEING GUIDE TO SERVICES

**BASILDON AND
BRENTWOOD**

General Wellbeing and mental health

Some example symptoms:

Feeling lonely and isolated

Finding yourself worrying about something that you need support with

Dealing with a loss that you are struggling to come to terms with

Needing someone to talk to

Thoughts and feelings that are stopping you living your life in the way that you want

Some example symptoms:

Feeling low and hopeless

Having regular anxious thoughts in general or around specific situations

Constantly worrying about your life, work, health or relationships

Having panic attacks

Living with fears and phobias

Regular nightmares and flashbacks

Your life and health are seriously affected by your thoughts, feelings and behaviours

Some example symptoms:

Experiencing cycles of deep depression and mania

Seeing things or hearing voices that aren't really there, or have deep beliefs and delusions which are untrue

Having trouble keeping track of your thoughts

You or those close to you noticing that you are behaving in unusual and unpredictable ways

You're feeling overwhelmed and unable to cope and need help now

Some example symptoms:

Experiencing overwhelming anxiety

Feeling like you are unable to cope

Experiencing other emotions or thoughts that are overwhelming

Feeling like you need urgent help

You're at risk of serious physical injury

Call 999 immediately if:

Someone's life is at risk – for example, someone has seriously injured themselves or taken an overdose

You do not feel you can keep yourself or someone else safe

↓ Services that can help you ↓

Sociability

VitaMinds

A confidential NHS service for over 18s who are experiencing depression, anxiety, panic attacks, post traumatic stress disorder (PTSD), social anxiety, health anxiety or OCD etc.

You can self-refer online at vitahealthgroup.co.uk or call 01268 977 171.

For out of hours 24/7 emotional support call 01268 977 171.

Speak to your GP

For more severe mental health needs, you should speak to your GP first of all. They may then refer you to a specialist mental health team.

A specialist mental health team can support you with your mental health. The team is made up of mental health professionals such as psychologists, psychiatrists and mental health nurses.

24/7 NHS 111 Option 2

If you or someone you know is in crisis, please dial 111 and select option 2 for mental health crisis. You will speak with a trained member of staff who can advise you.

Samaritans

Whatever you're going through, you can talk to someone at Samaritans 24/7 and for free.

E: epunft.pimhs.eput@nhs.net

Health Visiting Service

The Health Visiting Service can provide advice and support for parents from pre-birth and throughout your child's early years. For more information on the service, visit their website:

W: essexfamilywellbeing.co.uk/team/basildon-central-healthy-family-team

Perinatal Mental Health Service

Pregnant women and new mothers who have experienced or are experiencing mental health difficulties can get extra support and advice. The Perinatal Mental Health Service provides support throughout your pregnancy and the first year of your baby's life. You can be referred to the service by a health professional like a GP or midwife. Speak to a health professional if you think you need extra support.

Midlands and East Veterans Transition, Liaison and Intervention Service (TILS)

Veterans can access a specialist service for those that have served in the military. The service provides a range of treatment and support regardless of when you left the armed forces. They can help with complex problems and psychological trauma as well as more common needs such as alcoholism, anxiety and depression.

You can refer yourself to the service or request a referral from a GP or another healthcare professional, Royal British Legion, Combat Stress, Help for Heroes or SAAFA.
